

**PTP Nr0007 ACCREDIA
REF. ISO/IEC 17043:2010**

MD11M- SUBSCRIPTION FORM FOR:

InterCinD PTs YEAR 2020

InterCinD offers **Proficiency Tests** for the determination of **PCDD/F, PAH, HM, PBDE, PCB-DL, PCB-NDL, PCB-ICES6**, in **Environmental, Industrial and Food/Feed materials**; **PESTICIDES RESIDUES** and from 2020 also for **ODOR OLFACTOMETRY (EN 13725)** and **PFAS** determination.

InterCinD essence are the reference materials used: all **REAL MATRIX** available in **NATURE**, prepared and characterized according to the international guidelines for the production of reference materials.

InterCinD aims to develop the quality methods and to support Analytical Laboratories in testing their performance with real endogenous contaminated samples (not spiked) and on request, is also available to offer **Performance Validation Service** on InterCinD Materials

LabService Analytica as InterCinD Division is Accredited ISO/IEC 17043:2010

Essence of InterCinD are the reference materials used, **REAL MATRIX** available in **NATURE**, prepared and characterized according to the international guidelines for the production of reference materials.

DETAILS FOR PARTICIPANTS INTERCIND PTs (see IO01P FOR EACH SCHEME)

Dear InterCinD Participant:

Thanks a lot for your Interest in InterCinD PTx.

- InterCind ask to every participant Lab to manage PTx samples as the majority of the routinely tested samples
- The factors that could influence the testing or calibration of PTx items are limited to the method of sample preparation or analysis you adopt in your Lab
- The PTx scheme does not require particular procedures for preparing or conditioning the items excepting form what reported on Operative Instructions (IO01P) for each Scheme.
- The PTx items are collected as real samples (environmental and industrial) and the contamination level is the one they have in their original environment. They should be handled following the routinely safety requirements of your lab and Country
- Considering the PTx items, no particular requirements about environmental conditions are specified

HOW TO PROCEED:

If you are interested in InterCinD participation please read the following Instructions:

- Check the Scheme of Interest in the CALENDAR
- Choose the Scheme and the samples of interest
- Fulfill the Form of Subscription with your data
- Calculate your amount due
- Send back this form duly fulfilled to: **InterCIND Organization (to Dr.ssa Simona Manganelli)** by e-mail to: manganelli@intercind.eu before the DATE REPORTED FOR EACH SCHEME
- Samples will be sent to participants within the DATE REPORTED FOR EACH SCHEME
- Analytical Data Results should be insert in your Reserved Area on InterCinD website within the DATE REPORTED FOR EACH SCHEME

DETAILS AND PRICE LIST

the following price list can be configured considering the kind of analysis your Lab want to participate.

NEW!!

SCHEME: IC-PFAS1 FEB 2020 (Ed 1)**

NEW!!

SAMPLES AVAILABLE (1 bottle 10 ml):

- **LEACHATE (ICLEACHPFAS)** Leachate from a Landfill

ANALYTES TO BE DETERMINED IN THE SAMPLES:

PFAS*

To identify and quantify the PFAS -PFOA and PFBA

*This scheme Edition IS NOT ACCREDITED

**ANALYTES TO BE DETECTED QUANTITATIVE METHODS:
PFAS, PFOA and PFBA**

NOTES/REQUESTS			

HOW TO PROCEED NOW:

1. Send this subscription form (MD11M) duly fulfilled to: InterCinD Organization manganelli@intercind.eu and if required by your Company send a formal purchase order with any detail for your management within the date reported on CALENDAR TABLE for each edition
2. Receive the pro-forma invoice sent by InterCinD as order confirmation and request of **payment in advance**, proceed with the payment for the amount due. (If possible before the shipment date). If you prefer to pay by Credit Card or if your account Dept. needs info or find problems, please contact manganelli@intercind.eu
3. At the end of the subscription steps and after payment received, InterCinD will ship the required samples by carrier. You will receive by e-mail detailed instruction for the Reserved Area Registration on www.intercind.eu (Details in IO02P that your Lab will receive within 3 days after samples shipment). Samples will be sent to participants within the date reported on CALENDAR TABLE for each edition
4. After your access to the website reserved area You'll receive your LAB Number, info about the analytes range and the instructions for the data transmission (MD19xxx)
5. Insert your final data in your reserved area (www.intercind.eu) within the date reported on CALENDAR TABLE for each edition
6. Download the Final Results Report and your Participation Degree from your Reserved area on the www.intercind.eu at the date reported on CALENDAR TABLE for each edition

Thanks again for your interest and collaboration!

For any info, question or request, please CONTACT US!

Regards

InterCinD Staff

Simona Manganelli

Note: All participant records will be kept secure and confidential, and retention time is established in 48 months. Please consider that some activities could be subcontracted (Sample preparation, Homogeneity tests, Statistical Elaboration) in any case the PTP is responsible to the participants for the subcontractor's work, except in the case where a regulatory authority specifies which subcontractor is to be used.

InterCinD Reference Materials are available for at least 6 months after the PT Scheme Report emission. After this period, the detailed list of the available materials can be viewed on www.intercind.eu

InterCinD will not spread your data outside PT Participant Laboratories and will not supply your Company reference to other subject if not explicitly authorized by your subscription format.

The identity of Participants is confidential and known to person involved in the operation of the PT Scheme only, unless the participant waives confidentiality.

In exceptional circumstances, when a regulatory authority requires PT results to be directly provided to the authority by the InterCinD, the affected participant will be notified of this action in writing.
