DETAILS FOR PARTICIPANTs INTERCIND PTs (SEE IO01P FOR EACH SCHEME)

Dear InterCinD Participant:

Thanks a lot for your Interest in InterCinD PTx.

a) InterCind ask to every participant Lab to manage PTx samples as the majority of the routinely tested samples
b) The factors that could influence the testing or calibration of PTx items are limited to the method of sample preparation or analysis you adopt in your Lab
c) The PTx scheme does not require particular procedures for preparing or conditioning the items excepting form what reported on Operative Instructions (IO01P) for each Scheme.
d) The PTx items are collected as real samples (environmental and industrial or food-feed) and the contamination level is the one they have in their original environment. They should be handled following the routinely safety requirements of your lab and Country
e) Considering the PTx items, no particular requirements about environmental conditions are specified
f) Please dispose of material residues as waste, following your Country regulation.
