Dear InterCinD Participant:

Thanks a lot for your Interest in InterCinD PTx.

- c) The PTx scheme does not require particular procedures for preparing or conditioning the items excepting for what reported on Operative Instructions (IO01P) for each Scheme.
- d) The PTx items are collected as real samples (environmental and industrial) and the contamination level is the one they have in their original environment. They should be handled following the routinely safety requirements of your lab and Country
